

20th Global-Super-8-Day
55 years Super-8-Film
10.10.2020

- vertraulich bis 15. September 2019 / top secret til 15th September 2019 -

The world is there – and you? Le monde est là – et vous ? El mundo está ahí, ¿y tú? Die Welt ist dabei – und Du?

Dear friends of the cultivated, independent Super-8 film, dear GS8D friends,

the GS8D2020 committee has the extraordinary pleasure to invite you to a new GS8D. It will take place on 10.10.20. We firmly believe that you were just waiting for this informaton, right?

We offer you a framework to create simultaneous S8 events worldwide on one day. The more people and groups join, the easier it will be for each of us.

Let's show the world what Super-8 means to us, let's make a bright spot on the worldwide Super-8 film culture, let's exchange Super-8 films for GS8D, let's connect with analogue film on 10.10.20 in this complete digitalized world!

The GS8D website isn't finished yet, but we'll inform you anyway now. We want to give you as much time as possible to gather your Super-8 friends to prepare great Super-8 events worldwide. The website is new, some ideas are new, but the format remains 8mm!

We can't wait and look forward to your Super-8 events! And we hope you are as excited as we are!

Thank you very much for your participation!

Enthusiastic greetings

Beatrice, Ed, Patrick and Lutz
