editorial

Dear friends of independent Super-8 films,

Super-8 lives! Who would have believed that we could celebrate 20 years of GS8D in 2020 with the 1st GS8D in the year 2000? Even I wouldn't have dared.

The GS8D would never be what it is today without you as a Super 8 filmmaker and as a Super 8 event maker around the world! You are GS8D!

Thank you, every single short and long Super 8 filmmaker, every single organizer of small and big Super 8 events, for the fact that we have all worked with S8 over the last 20 years.

It's unique in the world that a medium - like Super 8 is - has formed a community that is loosely but firmly connected almost all few years in the world.

On October 10, 2020 we celebrate the 20th anniversary of the GS8D, the GS8D2020 and at the same time 55 years of Super-8 film! Globalization redefined.

The world is there - and you?

Lutz

Head of All NIZO and founder of GS8D.
